

Eve

Eve is a deceased non-player character featured as an antagonist in several early Star Army plotlines. She was created by [Wes](#).

Eve was a [NH-7x3](#) created by [PNUgen Corporation](#). Eve was one of PNUgen's first attempts at making adult [Nekovalkyrja](#). Other early test [Nekovalkyrja](#) like [Ketsurui Yui](#) were created as infants and “raised” in a family type of upbringing. This lack of socialization, coupled with a powerful telepathic capability, lack of networked sisters (most networked [Nekovalkyrja](#) are meant to be in triumvirates) and a wealth of

knowledge in warfare lead to her mental instability. She was sadistic and cruel. At one point she held a large number of the city of Geshrinopolis's children hostage, and amused herself by torturing and eating them until [Ketsurui Yui](#) stopped her. She was killed by members of the [YSS Mihar](#) crew in [YE 30](#).
