## Physical Description

Fury Powers is a [Minkan](#) female who is 165cm (5'5") tall and a light peach skin tone. She is notable for her bright teal eyes, her vibrant and unruly magenta hair, and her matching fingernails. She has a fairly large bust, a suitably plump rear, and an expression tends to be playful and teasing in nature.

## Personality

Unlike other more stable soldiers and officers, Fury has a bit of a temper. Spending half her life on the streets and prodding Kyoto's underbelly left her with a love of fighting, drinking, gambling, tinkering, and even more mature pursuits. While her aggression is usually directed toward the enemy, much like the ones who had repeatedly ruined her hometown, she can get irritated or even disrespectful if pushed. She can also take large risks in her anger, and also get tunnel vision on an objective. The attack on her home and the death of her parents has also left her uncomfortable around [Elysians](#), though she tries to keep this to herself.

In spite of these failings, she is hard-working and diligent. Her friendships are also as steadfast and overt as her hatred for her enemies, though she might be a bit pushy at times when one of her friends is mopey or reclusive.

## History

Fury Powers was born in [YE 20.4.14](#) as a [Human](#) in [Geshrinopolis](#), on planet Geshrinthall (later [Yamatai \(Planet\)](#)). While her parents attempted to raise her well, this came to a screeching halt in [YE 24](#) when her mother and father were killed in an orbital bombardment by the [Elysian Celestial Navy](#) during the [Fourth Elysian War](#). Though replaced with the new city of [Kyoto](#) on the same site in [YE 25](#), Fury's own family was never the same. She was raised by an inattentive uncle as she went through youth and entered her adolescence, finding herself lashing out in rebellion by joining the [On'nin Ikemen - 隠人イケ面](#) and being an errand girl as well as a set of eyes and ears for the group. She also took on assorted vices at this time such as gambling. Sometimes she got into fights as well, particularly with classmates. This period ended abruptly at 14 when her hometown was again attacked in [YE 34](#) by the [NMX](#) during the [Battle of Yamatai](#).

Her only surviving family member killed and his [Soul Transfer](#) Backup destroyed, Fury was one of roughly 32,000 orphans resulting from the battle. She was likely to slip through the cracks, but fortune smiled on her. She was found and relocated to the new city of [Tsubomi](#), which was explicitly created for orphans and military children. She had some discipline problems at the start, being used to a rebellious life, but found assistance in [Shuran Academy](#)'s Anger Management and Counseling Program. She would eventually graduate with high marks, but would retain a chip on her shoulder in spite of the city's efforts.

Fearful of having to find her own way in life and what she might do without the structure of Tsubomi or some other organization backing her, she considered returning to the [On'nin Ikemen - 隠人イケ面](#).

Thankfully, however, she instead elected to upgrade to a [Minkan](#) body and enlist in the [Star Army of Yamatai](#). If she was going to fight, she surmised, she could at least fight those who might otherwise cause the same sort of problems her life had been plagued with.

Assigned to the [YSS Sakura II](#) as infantry, she quickly shipped off to repel an invasion and prove her skills almost immediately. She was able to assist in the protection of the [Scrapyard System](#) against the [Kuvexian Military](#) as infantry, helping secure the planet. After this, she went to [Tsubomi](#) to hand out gifts to kids as part of the [Year-End Traditions](#).

She went to the [Splrug](#) System on her next mission to monitor the black market for infiltration by the enemy and assisted in the disarmament and retrieval of a boobytrapped escape pod. After the occupants proved to be less than grateful and shot her squad leader, she helped to wrangle them into the brig. She would later continue with the Sakura II to the [Higaflan](#) and engage [Rixxikor](#) forces in combat.

In [YE 44.1](#), she was promoted to Itto Hei.
