Gabriela Lively	
	
Species & Gender	Anthro Female
Organization:	Star Army of Yamatai

Gabriela Lively	
Occupation:	Star Army Navigator
Rank:	Taii
Current Placement:	YSS Resurgence

Character Description

Gabriela is some sort of anthro, so she has a thin layer of soft fur that covers most of her body. Her front side is mostly white and her back side is mostly a rust color. She has darker spots on her outer thighs, shoulders, and her hands, feet, ears, and tail. Her eyes are a great orange and she has a pink nose and rounded ear shape. Her hair is dark brown and short, and not only covers the top of her head but also runs down her spine to the small of her back in a “ridgeback” fashion. She has two brown stripes on her cheeks. Gabriela is flat-chested.

Gabriela is a cheerful and energetic person with an outgoing and friendly personality. She has an unusually strong love for kissing and being kissed. Gabriela is highly athletic and keeps herself in top condition with frequent exercise. She likes to make friends quickly with others and isn't afraid to be social, although she does not drink alcohol. When not on duty, Gabriela enjoys reading fiction and playing solitaire. She has an unusually loud laugh. In a pinch, Gabriela can make a pretty good musical instrument. Gabriela has a quick wit and an almost uncontrollable ability to think outside the box when the situation demands it. When under pressure, Gabriela can act very protective. She doesn't drink alcohol.

Gabriela has a gift for operating starships and can flawlessly work the controls of practically any starship put in front of her. She learned her skills at a rapid pace and is genuinely in love with her career. She also spends a lot of time studying and doing college coursework and hopes to become a starship captain one day.

History & Relationships

Gabriela was born on 18日 1月 YE 19. She turned 21 in the first month of YE 40 and graduated from Star Army training in the second month of YE 40. That year, she spent most of her time assisting other starship operators at the [Nataria Fleet Depot](#) getting additional in-the-field expertise. Because of her proficiency, she was promoted to [Nitô Hei](#) in YE 41. Eventually she was able to fully operate starships on her own and was called on whenever the depot needed to deliver a starship to a fleet or move mothballed ships around.

Gabriela attended the [Hanami](#) festival in [Kyoto](#) in YE 42¹⁾.

In 3月 YE 42, she was promoted to [Ittô Hei](#). That year she fought in the [Third Battle Of Nataria](#) operating a skeleton-crewed ship in the Nataria Fleet Depot's "Zero Fleet" that had to be abandoned due to critical damage. Near the end of the year she vacationed with [Dr. Poppy Pink](#) in [Yumiuki](#) and stopped in [Ternifac](#) on the way back to [Uesureyan Fields](#)²⁾. During this time the Star Army was experiencing a shortage of officers, so [Star Army Personnel Command](#) reached out to Gabriela to get her on the pathway to command and set her up with correspondence courses at the [Kyoto War College](#) with the goal of graduating and earning the rank of [Shoi](#) by the end of YE 44.

In 1月 YE 43, Gabriela's plans changed when Star Army Personnel introduced the [Accelerated Officer Program](#). She was assigned to the [YSS Resurgence](#) as one of the first crew members, and promoted to [Jôtô Hei](#) until she completed the AOP courses, and became an officer at the rank of [Shoi](#)³⁾.

Also in 1月 YE 43, Gabriela fought in the [Battle Of Glimmergold](#) as helmsman of a [Kyoto-class Carrier](#) nicknamed the [YSS Presurgence](#)⁴⁾.

On 20日 1月 YE 43 Gabriela visited the [Empress' Palace](#) where she got to meet and speak to the [Empress of Yamatai](#), [Empress Himiko I](#) ⁵⁾

In 4月 YE 43, Gabriela finished navigator school and officially changed job titles from 09 [Starship Operator](#) to 09A Starship Navigator. That month she piloted the [YSS Resurgence](#) to [Hanako's World](#) to

conduct MIA/POW retrieval operations on behalf of [PEARL](#).

In [YE 44.1](#) Lively was promoted to [Chui](#). She helped mentor [Benna](#) in becoming a starship navigator. In [YE 44.7](#), Benna assisted during the [Arrival of the Norians](#) by boarding Ark Alpha and evacuating hundreds of orphaned [Norian](#) children⁶⁾.

In [YE 45.1](#), Gabriela was promoted to [Taii](#) and began taking more remote courses through the [Kyoto War College](#) for the [Star Army First Officer](#), with the goal of eventually becoming a [Star Army Starship Captain](#).

In [YE 45.9](#), Gabby and [Dr. Poppy Pink](#) attended a Yule/Year-End festival on [Pisces Station](#)⁷⁾.
