Hurgh is an [NPC](#) played by [Kai](#)

Hurgh Fuglynaim is a tall, dark, and handsome Nepleslian. He is very charming and suave, and is a rather smooth talker. He learned how to fly shuttles from his father, who owned a small repair shop. Flying shuttles became his passion, and most of his life has been spent doing such. When a higher-paying job flying shuttles and ferrying starships into orbit for Origin Industries came up, Hurgh took the job.

After several years as a ferry pilot, Hurgh's skills grew, and his abilities were recognized, landing him a position as the pilot of the [OIF Reaper](#) in [YE 40](#)
