Ira was born In the Yamataian Empire long after his father and mother managed to escape Neplesia. The parents wished for a better life and decided The Yamataian empire could offer that. They quickly

encountered racism the Neko on these supposed Utopian worlds. Things had gone well for the Ramirez family, until the species restriction act barred Nepleslian from joining the military. Ira's father felt the growing tensions in The Yamataian Star empire, and quickly had his family relocate in YE 29 to the newly founded UOC. Content with their new home, and also encountering freshly evacuated civilians, it was no shock when the young Ira Ramirez, signed up to become a peace keeper, his mother and father could never be more proud. Ira had thought his plan through, and this move allowed his family to have a place to live, and to support them on this newly formed government.

With the NMX invasion of UOC space, Ira Ramirez found himself and his squadron out gunned and out maneuvered. They put up an admirable defense, but ultimately the Mishuu were victorious. Ira was incapacitated during the battle, and was suddenly picked up by, and adopted by the Star Army of Yamatai, where he has made it a personnel goal to kill as many NMX as he can.

He was quickly shuffled into the 21st Squadron in the 2nd Expeditionary Fleet on the frontier, where he has had to deal with a rough bunch of characters. He'll be hard pressed to keep some of them in line.
