Kyo treated Chiasa as a person rather than a piece of equipment. She encouraged Chiasa to explore and interact with other members of her ship. Chiasa explored social interactions among the [Scientific Studies Service \(SSS\)](#) personnel. Kyo encouraged Chiasa to choose a creative hobby, she chose art as her form. This was a time of growth and exploration for Chiasa.
- In YE 35 Chiasa's world started changing. Kyo was killed when the expedition was attacked by NMX forces attacked a transport group. Chiasa actually was holding Kyo as she died. Unfortunately for Chiasa Kyo being a Nepleslian did not embrace Soul Transfer technology. Chiasa found herself without her master and trying to deal with conflicting impulses. Kyo's will stated her accounts were to be transferred to Chiasa and that she wanted her tested for Sapience.

- While on the ship a biological weapon was activated. This caused at least one death and a number of personnel were incapacitated. Chiasa's friend Elaina had information that proved vital to curing the plague
