Character Description

J'dompal is a human-sized intelligent octopus. He speaks fluent [Trade](#) and [Yamataigo](#) with no hint of an accent and is surprisingly talkative. His skin is smooth and usually orange-colored, but he can change colors at will. He simply usually prefers to be bright orange and stand out.

History & Relationships

J'dompal grew up as an orphan in [Funky City](#). He never knew his parents or anyone else like him or where he came from. He made some money by performing puppet shows with a pair of exceptionally articulate puppets, each of which took four of his eight limbs to play. Once the novelty of a street puppeteer started to wear off, he started taking jobs as a bartender where his size and eight limbs also came in handy. He wanted to see more of the world and moved to [Kyoto](#) where he became the main bartender at [The Furious Sound](#) just after it opened in [YE 38](#).
