History

Family (or Creators)

Ketsurui Zaibatsu

Pre-RP

Kuuhaku was created in one of the latest batches of NH-29s in [YE 31](#). She was kept at a star army facility for emotional/psychological evaluation and preliminary training. It was when one of her handlers noted her adeptness with Starship Operations that she chose the name she now carries. Now deemed fit for duty, she awaits her first posting.

In [YE 43](#) she earned a promotion to [Shoi](#) through the [Accelerated Officer Program](#).

Skills

Communication

Kuuhaku is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armor, and shuttles in both combat and non-combat conditions. Being a Neko, she is also skilled in telepathic communication. Kuuhaku is fluent in Nepleslian and Yamataian. She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc.

Fighting

Kuuhaku received hand-to-hand combat training, followed up with a rigorous training program. She is skilled and experienced in combat both in Yamatai-like conditions and in zero-gravity, with and without weapons. Weapons she is trained in include energy pistols, knives, and power armor. Her preferred method of combat is in energy pistols due to their light and range advantages.

Technology Operation

Kuuhaku is capable of operating any computer system that uses the Kessaku OS, found on all Star Army starships. She is proficient in entering and/or searching for information as well as basic programming techniques.

Mathematics

When being schooled Kuuhaku took advanced courses such as Trigonometry and Calculus. She also showed some promise in her study of dimensional theory while training for Starship Operations.

Starship Operations

Kuuhaku has basic knowledge on the workings and operations of a variety of starships based on her studies. She specializes in astrometrics and navigation.

Vehicles

While learning Starship Operations, Kuuhaku also picked up some of the finer points of piloting smaller craft. Her favorites are of course hovercrafts and other forms of atmospheric vehicles.

Physical

During her training, Kuuhaku spent time learning basic acrobatics and zen meditation techniques.
