Physical Description

Kari is 170cm (5'6") tall and weighs 45kg (99lbs). Her skin is very pale and her round, nordic eyes are blue-grey. She has furless human ears and blonde, almost-white hair that she keeps no longer than chin-length. She has a short-furred tail with the same off-white colour as her hair. For a woman, she has a relatively deep voice in the contralto range.

Due to her above-average height, she uses the Neko Tall variant of the [Ke-M2-4 Series "Mindy" Armor](#).

Personality

Kari is extremely serious. Nobody has ever heard her laugh or seen her smile. Despite this, she is not easily angered. She feels that she was created for a purpose and that anything aside from fulfilling this purpose is a needless distraction. Her perceived purpose is to serve the [Yamatai Star Empire](#) and because of this, she fits very well into the cold-blooded archetype.

When she isn't serving in the medical bay or in the field, she spends most of her time working out and training. When she needs to do something non-strenuous, she sketches people and paints landscapes. Kari satisfies the bare minimum requirements of socialization. Though she won't be rude, she finds that time spent with others is often wasted on frivolous pursuits.

History

Kari Sunde was created as a fully-grown adult in 1月 [YE 42](#) in the city of [Kyoto, Yamatai \(Planet\)](#) with the intention of filling the role of [Star Army Medical](#). She went to standard training at [Fort Victory Reserve Center](#) where she particularly excelled at activities that required concentration and discipline. Following this, she did her [Star Army Medical](#) specialization training which she finished at the beginning of 1月 [YE 43](#). During her medical training, her cold-blooded nature made her especially effective during triage exercises and performing medical treatment during battle simulations. However, she consistently received extremely poor reviews of her bedside manner.

In 3月 [YE 43](#), she was promoted to the rank of [Nitô Hei^{2\)}](#). Later that same year, she was reassigned to serve at [Fort Tokyo](#) in the reserves. Whenever she wasn't on duty, she spent her time at the [Kyoto Academy for the Arts](#) as the school physician and physical education teacher. Never one to sit idle, she also spent her time in the reserves completing [training as a pharmacist](#), where she met [Ohara Chiasa](#).

In [YE 44.7](#), she was [assigned to the YSS Azalea II](#).

[In YE 45.1, she was promoted to Ittô Hei.](#)
