## Physical Characteristics

- Height: 1.55m/5'1"
- Mass: 48kg/103.6lbs
- Measurements: 89C-53.3-91.5/35C-21-36.

**Build and Skin Color:** Kiara's skin is pure white and obviously of the Shiro style Nekovalkyrja. Her figure is exaggerated for a Neko and made all the worse by her slightly shorter than average stature. While the term "padded" could be easily used to describe her it's not entirely accurate as her muscle tone can be observed where her "padding" isn't so pronounced such as her back, shoulders, and abdomen. She has the five digit hands that are common to fresh NH-33s.

**Eyes and Facial Features:** Green eyes. Round nordic style. Her eye's are the a shade of jade and are of a rounded nature showing Nordic traits. Her lips are rather narrow and her nose is a bit more angular than normal. Overall her face is heart shaped though her bangs tend to make her face look narrower.

**Ears:** Kiara's neko style ears are almost always perked up.

**Hair Color and Style:** Black hair pulled back into pony tail at the back of the head. She keeps loose bangs and has the pony tail go through metallic loops along it's length to keep it more manageable.

**Distinguishing Features:** Not so much a distinctive feature as much as an personal habit, Kiara maintains a pattern of tiger stripes all across her body using her skins holographic capabilities as much as possible.

# Psychological Characteristics

**Personality:** Eccentric would probably be one of the best words to describe this NH-33. While she's not unbalanced she has taken a strong interest in the Nordic aspect of Yamatain heritage that tends to show in the way she conducts herself. The stories of the mighty heroes of old that strode headlong into combat to lead their comrades has struck a cord with her and she tends to emulate the "eager cleaver" attitude. She doesn't disregard tactics that aren't based around headlong charges. She just makes it a point to fully commit when the time for a headlong charge comes. She also learned the tendency to speak her mind bluntly from such old tales where the group all has a say, this has lead to some consequences as the SAoY is not a group of adventurer but a military organization that requires a degree of tact. Her behavior during her free time is somewhat of a disconnect from her attitude while involved in combat. As she tends to seek places where she can read her old epics and enjoy what she calls "lazy time" and tends to be far more reserved in her attitude.

- **Likes:** Nordic Literature and tales of Heroism, Beef Sashimi, Oranges
- **Dislikes:** Strong Perfumes, Her Dress Uniform, Flamboyant Clothing
- **Goals:** Spreading the Nordic Warrior Ideology, Achieving Samurai like prestige.

### Pre-RP

Kiara Nyis has completed her basic SAoY training and is now ready to be sent to her first assignment.

## Skills

- **Communication:** Kiara is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from headsets, starships, power armor, and shuttles in both combat and non-combat conditions. She is fluent in Nepleslian and Yamataian. She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc.
- **Fighting:** She received hand-to-hand combat training, followed up with a rigorous training program. She is skilled and experienced in combat both in Yamatai-like conditions and in zero-gravity, with and without weapons. Weapons she is trained in include energy pistols, knives, and power armor. She has also started to tinker with her spear and shield, she would be hard pressed to be called competent with them but she's obviously taken an interest in improving with them.
- **Technology Operation:** Kiara is capable of operating any computer system that uses the Kessaku

OS, found on all Star Army starships. She is proficient in entering and/or searching for information.

- **Mathematics:** Kiara received basic mathematics training, up to algebra and trigonometry.
- **Knowledge:** Kiara is something of a history buff and tends to hole up someplace to read when running around and exploring is not an option. Her specific areas of interest are in military history and Nordic culture. Though when searching for a good book she has been known to find random books that pique her interest.
- **Parkour:** She has sharpened her sense of balance and flexibility due to her adventurous nature. From scrambling up the sides of obstacles for better view to squeezing through small spaces to get into closed off area. She tends to make a game of getting around as an excuse to practice such skills.
- **Domestic:** Kiara has learned to make food for herself, wash her own clothing, and other basic self care skills. And not break anything or start fires in the process.
