## Physical Description

Kiko stands at an above average height of 5'5" (165 cm) and weighs 109 lbs (49.4 kg). She has a pear-like body type with wide hips and a small (30b) bust. Her skin is French lilac in color (a pale-ish purple) that contrasts her wavy, olive green colored hair that flows down to the blades of her shoulders and frames her heart-shaped face. Her eyes are large, rounded in shape, and take on a slightly lighter shade of Olive; They are approximately a single eye's length apart (1 Inch/2.5 cm). Between her eyes sits a small, button nose with appropriately small nostrils. Kiko has two olive hair covered ears on the sides of her head where they belong, with a tail to match!

She often smells faintly of food, due to large amounts of time spent prepping meals.

Her voice is mid-range, but soft-spoken, however when annoyed or explaining something her voice gains hints of a matronly sternness.

## Personality

Kiko is very much a social butterfly with an outgoing, yet very accommodating personality, making her an excellent hostess and impromptu counselor. Her patience is nigh-limitless and it takes a great deal of stress to break her cool sweetness into any sort of irritation, let alone anger. She is all too happy to make friends with strangers and will almost never hesitate to initiate conversation with someone (or someones!) she's never properly met before. An intense work-ethic is instilled into Kiko thanks to her intense love for all things food and drink, it is never a hard task to get her to do her job.

Kiko is ultimately motivated by her love of people and food, and is always seeking out someone new to talk with or assist (or feed!). She plans on making a long career out of preparing meals for crew-members and guests, eventually, however, she wishes to open up her very own restaurant!

She likes socializing, cooking, being needed, and Ukuleles!

She dislikes seclusion, being excluded from social gatherings, and exceedingly rude people.

She speaks quickly with all sorts of hand motions and even tail motions, but in a soft tone that is generally easy on the ears.

## History

Kiko Ki was created in [YE 38](#) along with millions like her in one of the countless [Personnel Synthesis Facilities](#). Just like any newly created Nekoalkyrja she was programmed and sent off to the mandatory 98 day basic training where she first showed signs of her nurturing, socialite personality and became close friends with three other Nekoalkyrja. Upon completion of Basic Training she chose to become a Star Army Cook, due to her love for social activity and food. . During the 3 month long training period Kiko Ki became particularly adept at all things food and breezed her way through the course thanks to her intense passion for her soon-to-be occupation.
