

# Kip

Kip is the AI of NovaCorp's [YSS Horizon](#), modified numerous times and now the eccentric and apparently almost omnipotent/omniscient commander of the ship. He can be considered as one of the most important people (sort of) in NovaCorp for its organisation and running.

[SAINT](#) agents once forcibly entered Kip's memory banks to find information and to delete references of their activities and the activities of [Kai Ashigari](#).

Character Data	
Character Name	Kip
Character Status	NPC Available for GM or FM use
