History

Ken Miller: Cousin, Salavger Kobayashi Ichiro: Brother

Pre-RP

Tai is a fighter pilot with nothing to prove, and everything to gain. Her training is multirole piloting with a focus on Combat Superiority. She used to be a bit of a rogue back during her training days, pulling pranks on senior students, among other things. She's mellowed out some, but she'll still get someone if she thinks they deserve it. She has a strong sense of justice as well.

She is hoping to be put with the illustrious 21st Squadron.

Skills

Physical

Quite agile, Tai is a natural born sprinter and acrobat, practicing free running/parkour and acrobatics when she has the time. Her time training to be a fighter pilot has helped her become more resistant to G-Forces normally experienced by pilots during high speed turns and maneuvers

Vehicles

* V8 Kwarime Fighter

* Tai is an accomplished fighter pilot and can fly any Aerospace Craft in the inventory. She is proficient in all fighter craft used by the Star Army of Yamatai having flown numerous sorties. She is experienced at both flying and fighting in atmosphere and in vacuum.

Entertainment

Knowing that she lives on the edge of every moment she's in the cockpit, Tai knows that she's quite more likely to die by enemy fire than she is of old age. This has led to her having been part of a few couples, leaving her experienced in bed, and developing a taste for liquor and beer. On her softer side, she is an experienced piano player, and plays in her off time.

Communication

Kobayashi Tai is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, ships, ground vehicles, power armor, and shuttles in both combat and non-combat conditions. She is fluent in Neplesian. She can speak and write it correctly and efficiently and can write reports, fill forms, issue orders under fire, etc. Tai is skilled in field communications and is proficient in all rudimentary forms of communication (hand signals, flashing lights, etc).

Fighting

Tai has received intensive hand-to-hand combat training (primarily focused on disabling and/or killing opponents) and has followed up that knowledge with a rigorous training program. Weapons she is trained in include pistols of all types, knives, grenades (and other forms of explosive weaponry) and rifles of all kinds. Tai is in excellent physical shape and has considerable endurance. She is also able to pilot land-based power armors, but must rely on the suit's A.I. to do anything advanced.

Coming from a family of military veterans, Kobayashi Tai is quite skilled in hand to hand combat, melee,

and using small arms. Her preferred weapon out of her fighter is a sword.

Survival

Tai knows how to survive in hostile environments. She can build shelters, hunt and forage for food, build a fire, etc. Tai can also camouflage herself and is familiar with guerrilla warfare tactics.

Strategy (Tactics/discipline)

Kobayashi Tai can understand and give out tactical commands and work with her troop to follow those commands efficiently. She knows the importance of teamwork on the battlefield, has been intensively trained in discipline and morale, and is able to recognize the command structure even while under extreme pressure (combat, etc). Tai is able to recognize ambush points. She knows basic math in order to calculate distances, etc, and can use a tactical map.
