She's more likely to insinuate or frustrate people who disturb her emotionally than to openly argue or get physically violent.

- **Goals:** To be the most famous person in the Kikyo Sector; To impress the Royal Family.

## History

### Family (or Creators)

Kyoto Aiginwa (Father/Deceased) Kyoto Shelby (Mother/45)

### Pre-RP

Kyoto Sekai was born in a down-town hospital in Kyoto City, Yamatai. Her Geshrin parents loved her

dearly, and barred nothing from their child. Over time, Sekai learned to dance, sing, act, and perform. Her debut was on her High School's stage as the leading role. It was a disaster; and the experience all but traumatized her because while the parents and teachers in the audience wouldn't boo her down she could see how absolutely horrible she - and her peers - were. Her father died some time following the play. After that she threw herself into study. If she couldn't be an actress, she would do her father proud be a lawyer or a doctor or something high-up and well paying. In the end she got none of these. After some cajoling and pushing from her parents and friends she competed in a local contest whose prize was a record-deal. She won, and her song titled 'Mysteries of the Universe' went out to the public over the internet via Lazarus and in limited physical copies in stores. Soon several small-time gigs were opened up to her, and within a year she had formed her band known as "[The Kyoto Project](#)". Within days of its formation she also took the Yamataian body because she felt it was more advantageous.

## RP

After realizing that her career as a singer was in jeopardy, Kyoto Sekai [enlisted](#) in the [Star Army of Yamatai](#) as a [medic](#). After finishing her training, she was immediately assigned to serve aboard the [YSS Sakura II Plot](#) under, at the time, [Kage Yaichiro Taisa](#). When she [arrived](#), the ship was on [alert](#) after a recent attack on [Nishitama](#). Soon she was needed on the ship as a medic. She attended to the wounded and prepped them for transport.

## Post RP

Soon the need for her was over and she was [ordered](#) to [Fort Minori Reserve Center](#) and was soon upgraded to a [Type 33 body](#). She spent some small number of years there, working in between doing gigs on the weekends, before the [Kuvexian War](#) began. She continued working at Minori for a time, but she knew what was looming. She put in a request for transfer and less than a year after the beginning of the war, she saw herself getting transfer orders to the [Kaiyō](#). She arrived at [Gemini Star Fortress](#) to begin her time on the new [Fuji-class Expeditionary Gunship](#). Before she could join, however, she got an interesting proposition to continue her career as a pop star.

And, so, she took it.
