Physical Characteristics

Facial Features and Eye Color: Big yellow eyes, and a round face give Lynn a child-like appearance.

Hair Color and Style: Dark hair that is usually bound up in a short ponytail.

Psychological Characteristics

Personality: The best a stranger can describe Lynn as is “Quiet”. And she is – to strangers. She quickly warms up to people she sees consistently. She takes her job seriously, and when off duty typically spends her time doing one of three things: Writing (either for a new song, or a piece of fiction), reading, or helping the technicians in the hangar. Lynn usually doesn't show anyone her work, and considers it an embarrassing – if enjoyable – pass time. Lynn takes her work seriously, and considers her job her top priority.

History

Pre-RP

Created in peacetime, Lynn was attracted to the Fighter Corps. of the Star Army as both a first assignment out of Basic and as a quiet place to spend her career. Soon out of the youngling stage, she developed a taste for creative writing, including Music, Poetry, and essays.

RP

Lynn was saddened to see the XO Hayachi Hachirou leave, but continued her duties – she was moved up to become EWO for the CO of the 21st Squadron, Numa Atsui. It was planet-side, however, that her adventures as a soldier of the Star Army began. The young Neko met by unfortunate coincidence a Nepleslian named Silic Vas in the depths of the mist during a brief garrison mission on an SSS Outpost. Following this meeting, combat began with a group of bandits. They fought in the outpost, and while trying to provide supporting fire Lynn was seized by Silic Vas once more as an angry indigenous cat-predator chased him in the middle of combat. Following the events in the outpost, Lynn followed the squadron in an attempt to take back the hostages the Bandits had stolen during their raid. It was here that she was kissed by another Nepleslian and the new XO, Ira.

She now looks forward to Leave on a friendly star-fortress, and she begins her Leave by toasting to a victory and playing her piano in public.

Skills

Communication

Lynn is familiar with basic radio operation and procedures and can make transmissions and receive transmissions through headsets, starships, power armor, and shuttles in both combat and non-combat conditions. She is fluent in Nepleslian and Yamataian. She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc..

Starship Operation (Fighters)

Lynn was trained in the use of fighter craft used by the Star Army of Yamatai. She is experienced at both flying and fighting in atmosphere and in vacuum.

Fighting

Lynn has been trained in the use of standard issue firearms, power armors, and is also practiced in basic hand-to-hand fighting. She can operate well in Zero-Gravity, provide covering fire, and respond to both direct and indirect fire.

Technology Operation

Lynn is capable of operating any equipment that has a computer system that uses the Kessaku OS, found on all Star Army starships. She is proficient in entering and/or searching for information.

Mathematics

Lynn is educated in basic math, including algebra and Trigonometry.

Entertainment

Lynn is a self-educated music composer and performer. She can read music and count time. She can play the piano well, and sing. She also enjoys writing a great deal, and uses it as a way to express herself.

Knowledge

Lynn loves studying literature and the music artists of the Yamataian Era. In her free time, if she isn't writing or playing her piano: she's reading or listening. Quite possibly both. Her knowledge is extensive, but limited due to her current occupation.
