History

Majnun Zanjabil was born on one of the numerous orbital colonies in Iromakuanhe space to Ahmad and Maryam. Early on her parents decided that due to available space in their living area that she would be their only child. Most of her early childhood was spent wandering with her parents exploring the endless space around them. Her parents were very mild mannered, taking to care and upkeep of whatever colony they resided on when not actively exploring.

This simply did not suit Majnun who sought more thrill seeking ventures filled with combat. In her early teen years she sought to learn as many fighting skills that she could get her hands on. Quickly she became quite proficient at hand to hand combat, with her parents trying to guide her from going to far to fast. Although her bubbly personality would not keep her away from more explosive instruments for much longer as they would find out. As often as she could she would go out with her parents exploring amongst the wilderness.

Though as her teen years progressed she became increasingly curious as to what lay beyond Iromakuanhe space. She heard tales of a place called Yamatai that not many of her people had ventured to. This piqued her interest causing her plot her immigration in the interest of exploring this vast place she knew nothing about. This led her to intensely study all available material on the language known as Yamataigo. For the first few days she remained somewhat hidden so as not to cause undue attention from others. However, that ended rather swiftly upon her arrival to the [YE 45](#) Hanami Festival.¹⁾

At the Hanami Festival she initially lingered outside of the crowd by the YSS Eucharis. After a short time she approached, quickly befriending [Mikodimus Liber Belmont](#). They hit it off rather quickly over their shared affection of all things food and spice. He even traded outfits with her before holding hand to make their way towards new friends.

Later that same year she would attend the Summer Beach Party hosted in Yumiuki, Yamatai. There she would befriend a [Caelisolan](#) named [Nuriel](#). Once they both got talking Nuriel convinced her that if adventure was something she loved, the [Star Army of Yamatai](#) would be a perfect place for her to find a home. Shortly after this conversation the [Iromakuanhe](#) enlisted in the Star Army, finding an unexpected fit as a [Star Army Clerk](#). Shortly after graduation she received orders to the [YSS Resurgence](#), she eagerly looked forward to meeting fellow crew and sharing her love of hot sauce with them.
