## Character Description

Mia has pale pink skin and periwinkle hair. She has light blue eyes and wears pink lipstick. She is a party girl and loves booze. She is fun but a little lazy and easily distracted. No one would describe her as a genius but she's tons of fun. She's interested in music and learning to play the guitar.

## Quotes

"I keep seeing the news reports about how the Kuvexians are taking more and more Yamataian star systems and I just felt like it's important to help the Star Army fight back. Plus being a Star Army veteran would be a great honor and I don't have any colleges that have accepted me yet. I am not really looking to get into combat...I am actually hoping to get a non-combat occupation like a clerk or caretaker, both of which are very fast-growing occupations right now, I heard."<sup>1)</sup>

## History & Relationships

Mia was born in [YE 20](#) on [Yamatai \(Planet\)](#) and turned 21 in [YE 41](#).

In [YE 42](#) she joined the [Star Army of Yamatai](#) by applying at the [Uesureyan Fortress](#) (meeting [Thaddeaus Maximus](#) in the process). After graduating from training she was stationed aboard the [YSS Kanagawa](#). At the end of the year, a salvage giveaway resulted in her getting an acoustic guitar and she started watching online lessons and teaching herself how to play it.

In [YE 43.5](#), she was promoted to [Nitô Hei](#) and transferred, at her request, to the [YSS Resurgence](#) and served with Thad. In [YE 43.6](#) [Dr. Poppy Pink](#) informed her that Thad had got her pregnant. In [YE 43.6](#) she attempted to own life during a stressful situation while planning a possible abortion, but Poppy managed to heal her by using a [hemosynth tube](#) to repair her head and brain, and downloaded a backup of her consciousness into her body. Since her body didn't have time to die and Poppy failed to declare her death, she was technically not dead which allowed Poppy to revive her against her wishes.

As of [YE 44.2](#), Mia was taking care of her baby, Aiden, and saw the Resurgence crew off on their 5th Mission while she was staying behind on maternity leave<sup>2)</sup>.

In [YE 44.7](#), Mia assisted during the [Arrival of the Norians](#) by helping provide supervision for hundreds of orphaned [Norian](#) children and babies<sup>3)</sup>.

Mia had planed to get out of the Star Army after her 3-year enlistment expired in [YE 45](#), and return to civilian life, but the Star Army took pity on her and discharged her early in [YE 44.8](#)

In [YE 45.2](#), Mia attended the [Love Day](#) events in [Kaiko Park](#)<sup>4)</sup>.
