Suzume in role-play

Suzume is a [GM NPC](#) that was usually handled by [Fred](#). She now is controlled by Gallant and [Doshii Jun](#).

Appearance

Suzume is slim for her height. She usually wears her unruly auburn-red hair down, though she also wears it in a braided half-crown. Her eyes are shaped like pointed almonds, with bright, sea-green irises. Her nose is a little more rounded and blunt than what is normal for a Neko, but it fits her heart-shaped face without looking obtuse or large. Her lips are light pink, but she enjoys painting them a rich light-brown-orange color. Her skin is a warm pink.

Distinguishing traits

Suzume rarely is without a datapad. She tends to walk to her destinations while looking at it, a faint smile always on her face and a little spring to her step. If it's computer-related, Suzume can tackle it, and often does at the source, whether it's an armor helmet, a MEGAMI unit or a space-only tug's grappler computer. Like all of the [Miharu Clan](#), Suzume is a good fighter, but prefers more “technical” attacks to brute force.

Suzume, though, has a reputation as a know-it-all. She likes to be the informer, the conduit, as it makes her feel useful when she is not as combat-adept as her sisters.

Attire

Suzume is most often seen in the [Type 31 Working Uniform](#). She wears the red panels of an enlisted Technician.

Background

Suzume is the middle sister among the Miharu Clan and is its only information specialist. She's quiet, easy to talk to, a great listener — in other words, she is overshadowed amongst most of her louder sisters. Growing up on *Miharu*, she learned to stand on her own if necessary, but otherwise to find strength in her family.

At the conclusion of *Miharu's* mission, it was Suzume's idea to start Miharu Light Industries.
