## Character Description

Mori Minase is a curvy, grey-skinned Doctor with narrow, emerald-green eyes and feathered purple hair. Nearly obsessive-compulsive in her need for sanitation and appearance, Minase can always been seen in a crisp-looking uniform and is always immaculately groomed.

Other than that, Minase is a stern, yet motherly, Neko that treats all of her patients as if they were her younglings.

## History and Relationship Notes

One of the many survivors of the Draconian Fleet, Minase is one of the few assigned to the [YSS Korifumi](#). Because of this, she has had some trouble fitting in with the crew. The only person she has been able to get along with has been her Captain, [Asakaki, Ragnhildr](#). This is mostly because of the Captain's age in relation to the rest of the crew as well as Ragnhildr's background.
