# The Harbinger of War

*Motoyoshi Kiyoko* is one of the vilest, most aggressive enemies of the [Yamatai Star Empire](#). She is known to conspire with the [NMX](#) and the [Interstellar Kingdom Of Kuvexia](#) but obviously has a set of objectives that are her own. She is a liar, a manipulator, and a known seductress with a near-limitless capacity for cruelty and backstabbing.

# The Daughter of Katsuko

Kiyoko was originally a [NH-17 Nekovalkyrja](#) created by [Ketsurui-Motoyoshi Katsuko](#) and [Koyanagi Mayumi](#), then adopted by [Shimizu-Motoyoshi Akina](#) (清水本吉明菜). She was created in the [Fifth Expeditionary Fleet](#) and was educated, trained and deployed in the [Taiie System](#). She was accelerated through the ranks of the [Star Army of Yamatai](#) by the influence of her mother and the [Motoyoshi Clan](#). She was promoted to [Taisa](#) and switched to the [NH-29](#) body in [YE 29](#).

In the same year, [YE 29](#), she was given the command of the [YSS Yugumo](#) which was destroyed in a conflict with the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#). She was restored a short time later by her mother, [Ketsurui-Motoyoshi Katsuko](#). She continued to serve in the [Fifth Expeditionary Fleet](#), working her up to the rank of [Taisa](#) and was given command of the Mazu Battlegroup. During this time she became in the influence of [Tange Misato](#) and began to get involved in some of the more darker areas of the [Motoyoshi Clan](#).

Hours before the Battle of Jiyuu and the defection of the Hanabusa to the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#), Kiyoko was ordered by [Ketsurui-Motoyoshi Katsuko](#) to kill Miho Hanabusa, the leader of the Hanabusa pledge family and leader of the defecting parties. She also fired shots at [Tange Misato](#) and [Yuriko Towa](#), the reason behind which is suspected to create confusion on the part of investigators but it has never been further looked into since the initial investigation.

Several months later, her mother [Taisho Ketsurui-Motoyoshi Katsuko](#) became Empress of the [Yamatai Star Empire](#) in which Kiyoko reluctantly attended the coronation and the State of the Empire speech. Kiyoko then returned to the [Fifth Expeditionary Fleet](#) where she continued to be involved with the Tange, who were pushing for the [United Outer Colonies](#) to secede from the [Yamatai Star Empire](#). Kiyoko found out about an offensive plan designed by [Ketsurui Yui](#) and endorsed by [Ketsurui-Motoyoshi Katsuko](#) to attack a relatively low threat capable race, the [Freespacers](#). Unable to endorse Imperial rule further, Kiyoko turned to the only help she could find, Tonsho Hanabusa, who had defected to the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#).

Kiyoko, along with her battlegroup and most of the ships aiding them from the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#), was destroyed at the Battle of the [Great Lighthouse](#) by [Star Army of Yamatai](#) forces. Kiyoko died trying to attack [Ketsurui Yui](#)'s battlegroup, she was given a dishonorable mention and labeled a traitor by the [Star Army of Yamatai](#). However back in the [United Outer Colonies](#) her death fueled the independence movement, Kiyoko was praised as a hero standing up for the innocent.

When Independence was declared, her ST data was reluctantly released by [Ketsurui-Motoyoshi Katsuko](#). She has reanimated again and promoted to the rank of Admiral to serve in the [United Outer Colonies Peacekeeping Forces](#). Kiyoko continued to hold deep anti-[Yamatai Star Empire](#) opinions and was declared a living legend for standing up for what she believed in by her supporters.

## Disappearance and Laments of The Ghost

In [YE 33](#), before the fall of the [United Outer Colonies](#), Kiyoko and the leadership of the Tange Clan disappeared along with the [Star Army of Yamatai](#) built, [Akuro III](#), a state-of-the-art vessel originally designed by her mother before the separation of the [United Outer Colonies](#). Kiyoko began to conspire and find herself an ally in [Angelica](#), a [Nightmare Type Mishhuvurthyar](#). Together they began to explore plans to get revenge against [Ketsurui-Motoyoshi Katsuko](#), which developed into an obsession.

Later in [YE 33](#), Kiyoko and [Angelica](#) captured [Blues Arnoul / Catharsis Black](#) who was designed to be a copy of [Kage Yaichiro](#), an officer in the [Seventh Fleet](#) and a known lover of [Ketsurui-Motoyoshi Katsuko](#). He was initially believed to be [Kage Yaichiro](#), but this was discovered to be false. Believing that [Blues Arnoul / Catharsis Black](#) could still be of use, however, [Blues Arnoul / Catharsis Black](#) would spend until March of [YE 34](#) as a prisoner of the [NMX](#) of war rather than being killed. Afterward, he was transferred to

the custody of Kiyoko completely and held on the [Akuro III](#) . For the next sixty-two months, he would find himself regularly tortured and broken down. He was killed once a month in a torture session while connected to an ST device so he would remember everything, and the only meat he was permitted to eat was his previous body's expertly prepared flesh. In [YE 39](#), she purposely allowed Blues to escape.

During this same period of time, she held and tortured her brother [Motoyoshi Tio](#) and [Tange Amaya](#). She executed [Tange Amaya](#) and purposely allowed her brother to escape in hopes that he would return to their mother. The elaborate plan hoped that [Ketsurui-Motoyoshi Katsuko](#) would begin a campaign of revenge against her so she could lure her into a trap. Kiyoko and her Tange Clan operatives also hoped to kidnap [Motoyoshi Eidan](#), the son of [Motoyoshi Tio](#) and [Tange Amaya](#) in hopes to perverse him into becoming a propaganda tool to increase anti-Yamatai [Star Empire](#) sentiment in the former [United Outer Colonies](#).

## The Baron Kordoan

In [YE 39](#), after the start of the [Kuvexian War](#), Kiyoko met [Baron Gello Kordoan](#), one of the patron leaders of the [Kuvexian Military](#) and owner of the military contractor [Unau Wibla Auhali](#). Using her manipulative and seductive ways she convinced the Baron to purchase the [Akuro III](#) after it was repaired and given a refit at one of the [Kuvexian Military](#) bases in the galactic southeast. The purchase of the vessel was actually completed in [YE 41](#) but unknown to even her Tange Clan followers, Kiyoko had made a deal to remain in command of the ship so long as she agreed to assist the [Interstellar Kingdom Of Kuvexia](#).

In [YE 41](#), her mother and the [Motoyoshi Clan](#) returned to the [Jiyuu System](#) and the Outer Colonies of Yamatai. Kiyoko convinced [Baron Gello Kordoan](#) that the resource-rich systems of the former [United Outer Colonies](#) would be good target for the [Kuvexian Military](#). In [YE 42](#), the [Kuvexian Military](#) began their campaign by infesting the [Tange System](#) with [Rixxikor](#).

## Other Recent Actions

During [YE 41](#) and [YE 42](#), Kiyoko made several attempts to disrupt the lives of the now united [Motoyoshi Clan](#):

- The attempted assassination of [Ketsurui-Motoyoshi Katsuko](#) and [Motoyoshi Eri](#) in [Tokyo](#). - (See: [Resolutions of The Ghost - Episode 3: Forty-Two](#) ).
- The attempted assassination of [Motoyoshi Tio](#) which results in the death of his friend Mrs.Tanaka. (See: [Rising on a Wave of Fire - Episode 0: Something Else...](#)).

## Shadows of The Evening Orchid and Defeat

During the early stages of the [Battle Of Glimmergold](#), the [The Akuro III](#) was spotted in the [Scrapyard System](#). The [YSS Mazu](#) and attached escorts under the command of [Taisa Motoyoshi Kaoru](#) separated from the [First Expeditionary Fleet](#) to pursue the Akuro. <sup>1)</sup>

In a final confrontation outside of [SX-07](#), the [YSS Mazu](#) engaged the [The Akuro III](#) and a group of [Kuvexian Military](#) ships loyal to [Baron Gello Kordoon](#). During the conflict the [The Akuro III](#) was disabled and [Baron Gello Kordoon](#) fled the system on his own ship, leaving Kiyoko at the mercy of the [Star Army of Yamatai](#).

[Taisa Motoyoshi Kaoru](#) and [Akamaru Datenshi](#) boarded the [The Akuro III](#) where they engaged in an intense final psychological and dangerous game with Kiyoko. After working their way through the labyrinth of the Kuvexian modified Akuro, they reached the bridge where Kiyoko perished in the final engagement which successfully brought an end to her tyranny.<sup>2)</sup>
