Character Description

Okada Saaya is a highly flexible, brown-skinned Science Officer with narrow, dark-brown eyes and long, straight, brown hair. Preferring a laboratory to being on a warship, Saaya seems rather discontent with her station. However, she doesn't seem to oppose her assignment either, which has led to a rather passive negativity to her personality.

Because of this, Saaya is often aloof at the best of time and passive-aggressive at the worst of times. She seems to get along with [Takahashi Yuri](#) for some strange reason and neither of them seem willing to

explain it either.

History and Relationship Notes

Born in [YE 31](#), Saaya is quite possibly the only Officer on the [YSS Korifumi](#) born to “parents”. This seems to give her a unique status among the vat-grown and ship-spawned sisters she seems to push away. [Takahashi Yuri](#) is probably the only friend she has on the vessel, but Saaya won't admit that at all.
