Species & Gender:	Kodian Male
Year of Birth:	YE 19

Physical Description

Onikuma is a hulking behemoth physically, fighting from his childhood every day since his abduction in infancy. His body is littered with scars, most notably a crescent following the line of one cheek all the way across his right eye. While many of his species are rounded and such, Onikuma is stacked even for a Kodian, perhaps even being able to rip the arms off his own kind. He is 13'3" and most obviously albino. His fur is the whitest white, his eyes a dangerous scarlet red and he growls deeply at whatever annoys him.

Personality

Onikuma's personality matches his appearance, his fear-inducing form mirrors his mind forged in pain and loss. Beaten and scorned across his entire life, Onikuma has a bitter and warped concept of life. He has no real concept of good or bad, manners or compliance - whenever he needed something he fought for it regardless of anything. He judges people on strength of body and mind, not actions and deeds.

History

Onikuma was born in [YE 19](#) on the plains of [Gashmere](#). He knows that he was abducted from his family from an early age by off-world gangsters because they thought he could be sold for a fortune due to his colouration. So, he was sold to some sort of fighting ring far from his home. As he grew in this dark blood sport, Onikuma's strength soon made him a prize fighter, his entire adult life spent being moved further and further from his origin. Finally, one day on [Asura III](#), the Kodian decided his master was weak and pathetic, why should he fight for such a man? Easily breaking free of his cage, Onikuma snapped his captors in two. Literally. Since then, he's drifted around Asteria using his power to get by.

He was taken into the Azalea Company of Ser Creature, gaining the title of Great White and the rank of Sergeant at Arms for his valor in combat. He died on the glorious field of battle in the Battle of the Hundred, saving a young girl in an act that gave his life meaning.
