

Pansarkedja Wikkedson

A massive troll berserker, once the leader of all security forces on board the [YSS Celia](#). A highly experienced warrior who fought in the Elysian Wars in the [Army of Uesureya](#) (AoU). Usually reserved and quiet, he usually sits back and lets things happen as long as they don't get carried away. If they do, he goes into a berserker frenzy. Wikkedson is not interested in most girls for the simple fact he's too huge for them. When he's in port where big girls can be found, he's said to be a pretty wild guy. Rumored to have made love to 10-foot [Nekovalkyrja](#) Taisho [Ketsurui Mayame](#) once).

After the [Species Restriction Order of YE 29](#), Wikkedson considered asking for a waiver but finally decided on taking the [Star Army of Yamatai](#) generous severance package. He used the money and his military tenure to buy an [Ayame-class Cruiser](#) and is currently out in space exploring the universe with his friends as crew.
