History

Ralor Zarzen was born 14日 8月 23 in [Ternifac](#). Ralor was born in the city of Ternifac to Junai and Ina Zarzen during the year YE 23 as a NH-22C Yamataian. Growing up, he didn't have a lot of friends to socialize with so he resorted to finding other ways to keep himself busy and active which usually involved getting into places he wasn't allowed just for the thrill of it or pickpocketing folks to see what valuables he could acquire.

Eventually those antics of his led to him being in the wrong place at the wrong time, attracting the attention of The On'nin Ikemen by sneaking into a Koya in the basement of one of his favorite arcades. He was quickly caught when he bumped into a person trying to back away from the ongoing meeting he inadvertently walked in on between a particularly ruthless Kyodai looking to make a name for himself and his Shatei.

Seeking to show off in front of his Shatei and gain a reputation, the Kyodai decided make an example out of Ralor by ordering the breaking of his arms so he couldn't steal from The On'nin Ikemen and his legs so he couldn't run and tell anyone of this meeting. The Kyodai had gotten a little too eager in dealing out

this punishment once he saw that Ralor had little fear in his eyes, which caused him to lash out and lose control effectively putting Ralor into a coma from multiple different injuries and contusions particularly around the face and chest.

It was only thanks to the young Shatei that he wasn't killed, pulling his Kyodai away and ordering everyone to take Ralor back upstairs and toss him outside, figuring the lesson was learnt. Ralor was soon found outside the arcade in that battered state and rushed to a medical facility where his parents were quickly informed of his condition. With how bleak his odds of survival were his parents ultimately decided to transfer him over to a Minkan body since his old Yamatai body would be too difficult to heal back to a reasonable state.

Now in the body of Minkan, Ralor decided to take this new opportunity at life and make the best of it. He joined the Star Army of Yamatai Intelligence Division in the year YE 44 at the age of 21 and made great use of his previous skill set by becoming an Operative.
