Physical Description

A striking image of her [mother](#), Savannah Madsen’s features are framed in a heart-shaped facial profile, set around a narrow, pointed chin and wide cheekbones. She has her mother’s large, wide set eyes and full lips. Conversely, where Hanna’s nose is rounded, Savannah’s has a more pointed shape, but still retains its small, demure aspect. However, Savannah styles her eyebrows and hair in much the same way as her mother. Accordingly, she draws her eyebrows in an expressive high arch, while her hair is most often done up in a tall, severe ponytail.

Savannah possesses the typical, Neko-style ears, rimmed with fur matching the color of her hair. She does not have a tail.

Physically, Savannah has an *extremely* slight upper body, with a rail thin neck, shoulders, and arms. She has a very modest bosom, which narrows into a tiny, *snatched* waist. Below, her figure broadens considerably relative to her upper body, forming thick, athletic thighs, gracefully widened hips, and a prominent, bubble-shaped backside. Ultimately, while her build lacks a plump, matronly *character*, the curves of her lower body are strikingly exaggerated relative to the rest of her frame.
