## Psychological Characteristics

She seems distant when it comes to love, never really settling on anyone.

She also harbors a deep resentment against the Samurai, who seemingly covered up her mother's death to hide something. She wants to join the Star Army now to gain rank so she can do something about the incident.

- **Likes:** Her family, Big guns, fighting, drinking.
- **Dislikes:** Ketsurui Samurai, losing, boring nights.

- **Goals:** To make a name for herself within the star army and keep Kakutama Heavy Industries floating and stable in the absence of her mothers and sister.

## History

### Family (or Creators)

Yuriko Shichou (Mother), Jo Midori (Contributor), Tai Shichou (Sister, Fraternal Twin) Naora Shichou (Youngest Sister), Saito Shichou,(Uncle)Yuichi Aida (Adopted Brother), Reiko Inaba (Step Mother)

### Pre-RP

Born YE29 aboard the YSS Asamoya, Rikun and her sister Tai were soon left with the fifth fleet, where she spent her formative years at first before much like her sister, becoming steeped within the Lorath culture where she went to college at. Not nearly as smart as her sister, Rikun graduated from the Lorath College with a simple bachelors degree.

It was when her sister enlisted in the Lorath Self Defense Forces that Rikun followed after her, as a Liaison of sorts for the Kakutama Heavy Industries where she had taken a position of Customer Relations manager. Serving aboard as a combat arms and quartermaster of sorts, Rikun was with her sister when they raided the Occhestan stronghold, but was quickly seperated. After her sister was subsequently attacked and inhabited by the Sourcian, they began to grow apart from one another, Rikun scared both for her sister, and of her. She began to become more protective of her other sister Naora, and her step brother Yuichi, as well as her step sisters from her other mother Midori and her step mother Reiko.

As the UOC fell, Tai left with the Sourcians, Rikun returned home to Yamatai with her mother Midori and the rest of her family. She continued on, more or less taking over the day to day operations of Kakutama Heavy industries with everyone else gone and began to live a rather boring lifestyle, at least until things went sour with her mother Midori.

Having pushed her for so long to try and rejoin the samurai, her mother finally did and a few days later wound up dead from sword wound, left in the streets of Kyoto. The investigation was covered up, and fearing for both her own, and her family's life, Rikun fled to the house of her mother's once crew mate. Since then, she has come to the idea that if she wanted to do anything about her mother's death, that she would have to go to the army, gain rank, and eventually have the power to do something about her mother's death.

After spending the first bit of her time Enlisted as a [Star Army Armorer](#), Rikun decided she needed a change, and applied for SAINT after she reenlisted. Upon applying, she was selected and made her way through the training and indoctrination process, to become a full fledged SAINT operative, before being stationed aboard the YSS Kikyō as a member of the bridge crew.
