History: Born on Yamatai, she is the first youngling created by her mother Tomo Shimabumi. She was

raised by her mother who had just finished her military service. While growing up she became interested in performance. After the birth of her younger sister she began to sing to her along with dancing. As a result the two began to work together as well as grow closer. Shizuka could no longer go anywhere without Akiko following her and thus Tomo began to call Akiko the little shadow. The two sisters are very close and have shared almost every bit of their lives together. When Shizuka decided to enlist as a [Star Army Caretaker](#) Akiko followed closely and they were both assigned to the YSS *Sekkou*. After the ship was captured she endured much hardship as a prisoner.

During captivity Shizuka was forced to choose between allowing a Mishhuvurthyar to rape Akiko taking the 'punishment' herself. She was so frozen with fear that she hesitated and was forced to watch Akiko suffer at the hands of the Mishhu. The result left Akiko so traumatized that she went into a catatonic state for days. During this time the eggs that had been implanted in Akiko began to swell. Shizuka watched in horror and in a fit of insane horror and rage she ripped off a couple of her own fingers and consumed the meat until there was only bone. She then sharpened the bones until they could be used as weapons. Once the eggs were laid she then killed the small hatchling Mishhu with the sharpened bones. A few days after the mess and the bone knives had been confiscated (although the scene had given her captors amusement) Akiko finally came out of the trauma. When she did though she believed that Shizuka had been raped instead of her. Shizuka in a fit of guilt chose to accept the lie and allowed her sister to believe that. As a result Shizuka bears an enormous weight on her shoulders.

After rescue she decided to join the YSS *Miharu* to seek revenge against the Daughters of Eve.
