# Physical Characteristics

**Build and Skin Color:** While slightly taller than average among her kind, Sigrid maintains a slender and athletic body, giving her an overall light build. Her hourglass figure is complemented with hips slightly wider than her shoulders, partially due to her more muscular thighs. Her skin is a pale teal which, under certain lighting conditions, can be mistaken for white or gray.

**Eyes and Facial Features:** Sigrid has dark brown eyes with thick, well-defined eyebrows, giving her a particularly serious glare. Her strict facade is only betrayed by a thin, cute nose and soft small lips that tend to create a smile a little more often than she would like.

**Ears:** Feline ears covered in short maroon-colored fur.

**Hair Color and Style:** Sigrid possesses mahogany (brownish-red) colored hair that extends just past her shoulders. The area around her right ear is shaved however, leaving only a soft fuzz surrounded by thick hair that reaches and drops on the left side of her head. While she tries her best to keep her face unobstructed, Sigrid usually has a few strands that slip over her left eye.

# Psychological Characteristics

**Personality:** Fresh out of programming and training, Sigrid's personality is still evolving. One of her most prominent traits is her avid and devout loyalty to the Star Army of Yamatai and the Yamataian nation as a whole. Her self-identity tends to revolve around her responsibilities and duty as a soldier, with personal tastes, opinions and aspirations serving as complementary details rather than core facets. This does mean, however, that she strongly relies on approval and validation from superiors to maintain a good self-esteem. Encountering failure, or simply a lack of acknowledgement for her efforts, often leads to strong feelings of stress, anguish and general unhappiness. Thankfully, her training allows her to conceal distress to a certain degree.

In her general attitude, Sigrid has demonstrated to be mostly introverted - during several group events and exercises, she preferred to speak little and keep mostly to herself. However, on the field she actively communicates with her squad and privileges teamwork. She does not hate talking to others, but rather, she hates small talk.

- **Likes:** Being in the Yamatai military, recognition, precision weaponry, cute furry animals
- **Dislikes:** Small talk, failure, sloppiness, military rations, mushrooms
- **Goals:** To serve the Star Army and Yamatai nation to her fullest abilities and obtain a position in military leadership.

## Pre-RP

After manufacturing in late YE 37, Sigrid followed the same path as her Neko peers and was enlisted in the Star Army of Yamatai. While her socialization skills remained average, her very apparent eagerness to serve her nation, noted during psychological evaluations, helped her compensate for her shortcomings. On the field, Sigrid also managed to earn stellar scores on precision weapons and commando tactics exercises. These abilities, combined with her patriotic enthusiasm, eventually led to her assignment within the Eighth Standard Fleet.
