## History

### Pre-RP

Created by the [Ketsurui Zaibatsu](#) to strengthen the [Star Army of Yamatai](#), Ryoko is a [NH-29](#) android. Her earliest memories are of being handed a trainee uniform, being shouted at by a [Jôtô Heisho](#) and the following journey from her birthplace to one of the Space Army Training Facilities near [Kyoto](#) on [Yamatai \(Planet\)](#). With so much knowledge to assimilate and integrate in addition to the physical conditioning and the near-shock of existence itself, the first few weeks of basic training passed by in a blur.

Aptitude and psychological testing led to Ryoko being assigned to the Operations track for her specialist training. It was at this time that Ryoko began to fully awaken as a person, having somewhat adapted to her circumstances. She paired up with a fellow trainee and friend, Akechi Fumiko, and both separately and together they explored their awakening sexuality. In the following weeks, Ryoko and Fumiko grew closer together, becoming confidants and best friends. Ryoko studied towards creditation in several spaceship systems; in her spare time she studied dance - something for which she had discovered a passionate enjoyment.

Graduation drew near and passed in a burst of study and pleasurable celebration. Knowing that they would not see each other for a long time, Ryoko and Fumiko spent their fortnight leave having fun together in the capital. Reporting to the Star Army Personnel Management Administration facility at headquarters two weeks after graduation, the pair said their teary farewells to each other before entering

the administration building separately.
