Tsurugi Himeno

Species & Gender:	Female Minkan
Organization:	Star Army of Yamatai
Occupation:	Star Army Soldier
Rank:	Santô Hei

Physical Description

Himeno stands at an unimpressive 5'0" and possesses a lithe, yet athletic build. Rarely seen out of uniform, her crimson eyes and long silver hair complement her fair skin to produce a somewhat ethereal air about her.

Personality

As a child, Himeno was inquisitive and playful due to her living conditions providing her with little in the way of excitement or adrenaline. However, the hardships that she faced when growing up would later define her as a very businesslike person who refused to suffer failure.

Calculated, courageous, and more than a little headstrong, Himeno strives for excellence in all things

that she does in an effort to prove herself and become a person who will not fade into the eddies of time even if she should pass her prime. Because of her intense personality, she can come off as unapproachable and aloof despite a hidden yearning for companionship and camaraderie.

History

Tsurugi Himeno was born 35日 1月 22 in [Yamatai \(Planet\)](#). Conceived on Yamatai in [YE 22](#), Himeno grew up in a rather stable household. Living in the newly built capital of [Kyoto](#), Himeno's childhood days were largely punctuated by formal education, high-class food, and gifts. Her mother held a position on a small [Kagai-Class Assault Ship](#) as a low-ranking [Shoi](#), but was an officer nonetheless.

It was not until her mother perished in the [Second Mishhuvurthyar War](#) that she considered the consequences of her lifestyle as well as her path in the future. The loss of a family member at such a young age had traumatized her quite heavily, but what had struck her harder was the fact that her mother—the person that she looked up to most—was just another number in the vast tally of casualties.

Although they were largely insignificant, Himeno's family still held some sway in the lower echelons due to her mother's rank and connections. Taking advantage of this fact, Himeno attempted to enlist in the Star Army of Yamatai despite still being vastly underage. However, even her best efforts were fruitless as she displayed no remarkable or exceptional skills to allow even the consideration of such a proposal.

Himeno would make another attempt in [YE 40](#) after spending the previous years building up her combat and social skills, but still faced rejection as she again exhibited no exceptional skills or abilities and was underage. It was only later in [YE 43](#) that she finally became of “adult age” and successfully enlisted. Although her performance was at the top of her batch during [training](#), she was not considered for officer candidacy at the time as her ability seemed to be garnered through sheer force of will rather than any talent or skill, causing her to be placed as a [soldier](#).

In YE 43, her debut assignment saw her posted on the [YSS Resurgence](#).
