History

Family

- [Ketsurui Zaibatsu](#)

Pre RP

Hisa was created in month ten of [YE 29](#). She then entered [Star Army of Yamatai](#) training. She was selected for engineering training. She enjoyed learning what made things work and how to fix them. She also took a course on manufacturing things. When she graduated in month ten of [YE 30](#) she was assigned to the [YSS Aeon](#). She has participated in several missions under [Ise Katae Taii](#).

RP

- After the mission to the [Siren System](#) in [YE 33](#), Hisa opted to upgrade to the [Nekovalkyrja, Type 33](#) from her [NH-29](#) body.

Skills

Communication: Hisa is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armor, and

shuttles in both combat and non-combat conditions. Hisa is fluent in Nepleslian and (optionally) Yamataian. She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc. She is also proficient with telepathic communications.

Fighting: Hisa received hand-to-hand combat training, followed up with a rigorous training program. She is skilled and experienced in combat both in Yamatai-like conditions and in zero-gravity, with and without weapons. Weapons she is trained in include energy pistols, knives, and power armor.

Technology Operation: Hisa is capable of operating any computer system that uses the Kessaku OS, found on all Star Army starships. She is proficient in entering and/or searching for information.

Mathematics: Hisa received basic mathematics training, to including up to algebra and trigonometry. She also took other math courses commissurate with her position.

Maintenance and Repair: Hisa focused heavily on the courses necessary to service and maintain the standard [Ketsurui Fleet Yards](#) systems aboard ships. She is capable of making any field repairs, and performing standard inspections and maintenance.

Engineering: Hisa took an advanced course while in training, to learn the basics of design, and manufacture.

Robotics: Hisa took a course in Yamatai robotics, to allow her to work on standard drones, and droids.
