## Personality

Munemitsu can be best described as an ambitious man take believes in sacrificing what is needed to achieve greatness. He lacks the flirtiness and openness but is courteous when needed. It is better for people to have a good opinion of you than one that is hostile. Hence why he presents the front of altruism by donating extra portions of his salary towards the efforts at [Tsubomi](#).

## History & Relationships

Munemitsu was born in [YE 32](#) as a mass-produced [NH-29](#) named Yamanami Okita during the [Second Mishhuvurthyar War](#). Okita never quite felt comfortable in a female body or as wishing to be a nekovalkyra. Thus when the order came to change to the updated [Nekovalkyrja, Type 33](#), she opted to change to a male Minkan body with a name change instead.

Munemitsu rose up the ranks rather quickly, with him gaining entrance to the Kyoto War College in [YE 34](#) after serving as platoon lead when his human Shoi was killed in a training accident. Investigations concluded that it was the Shoi's incompetence that led to the accident happening and Munemitsu was in the right place to mitigate it. The Shoi was promptly removed from the Star Army of Yamatai. There were allegations that Munemitsu was the actual mastermind of it all. But investigators were unable to find anything concrete to it and the investigation was dismissed.

In [YE 39](#) Munemitsu achieved the rank of Chui after graduating from the School of Advanced Infantry Combat and sent to the 10th Standard Fleet in the Yugumo Cluster. In [YE 42](#), Munemitsu was assigned to command the 75th Legion's Giretsu Century when it was activated understrength. He was not particularly happy with it, seeing as a step downwards in his career perspective. But for the time being, he bides his time for something better.
