Occupation:	Infantry
Rank:	Santô Hei

Physical Description

Yoko is a 4'10" tall Nekoalkyrja with dark brown skin and green eyes. She has shoulder length straight black hair, and keeps her bangs parted with a simple hair clip. Though shorter than the average Nekoalkyrja, she bears powerful legs and the hips to support them, giving her a somewhat bottom-heavy appearance. This grants her a bit of extra speed than what one might expect from her height, and has used it before to catch some people off guard. Between that and her tendency to exercise often in order to keep her endorphins flowing, her musculature is a bit more defined than the average Neko.

Personality

Upbeat and supportive of her peers, she's usually quick to encourage those around her. This may grate a

little on more dour crew, but she genuinely means no ill to her allies. This is contrasted by her addiction to adrenaline. Ever since her first combat encounter she quietly craves it again. This has turned the usually positive neko into a thrill seeking and somewhat reckless young woman. Though she'd be horrified if she thought her desire for action put her fellow soldiers at risk. A short reminder of those counting on her is usually more than enough to keep her focused on her orders.

History

Yoko Fujiraki was born 20日 4月 in YE 41. Made fresh for military service, she took to it without complaint. Her hope is to serve her standard contract and decide then if she wants to make a life out of it or not. Thus far it hasn't captured her imagination or interest yet. Though her service record is rather short, only having one previous assignment for a small ship on patrol duty. She was part of a boarding action which finally did catch her interest for up close and personal combat. It was otherwise been dull and uneventful, leading her to request transfer to a more active combat area. The request was granted and she has been shipped off to her new front.

Skills Learned

Communication: Yoko is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armor, and shuttles in both combat and non-combat conditions. Yoko is fluent in Trade and Yamataigo (邪馬台語). She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc.

Fighting: Yoko received hand-to-hand combat training, followed up with a rigorous training program. She is skilled and experienced in combat both in Yamatai-like conditions and in zero-gravity, with and without weapons. Weapons she is trained in include energy pistols, grenades, energy rifles, knives, and power armor. See also Star Army Close Quarters Combat.
