

# Phalanx Phillip Product Line

Phalanx Phillip was a line of military-themed toys produced by [CSEIA](#).

## About Phalanx Phillip

The main character, Phalanx Phillip, works along side characters including Sylph Shiganori, Demon Daniel, and Mindy Miyagi. Together they form "Armor Squad Alpha," an organization dedicated to fighting the forces of the evil under Mishhu emperor Flurzarg.

## The Adventures of Armor Squad Alpha

3D-Animated adventures of Phalanx Phillip and Armor Squad Alpha. The series has been universally panned by critics for its extremely cliché plot line which involves a stereotypically selfless male protagonist, a lecherous male sidekick that acts as a character foil, and several potential female love interests. In addition to its unoriginal harem comedy plot, this series has also been attacked for what is perceived by many as intensely lurid subject matter. One scene that's caused an uproar universally among conservative factions involves three of the main characters, Shiganori, Miyagi, and Phillip, engaging in a bout of severely salty repartee - immediately followed by quite obviously-hinted-at sexual activity. There are also numerous scenes involving comely young females enjoying a sultry dance with other girls, in addition to multiple scenes involving the capture - but not necessarily discontent - of female pilots on more than one occasion, and the rescue of eventually barely-clad damsels in distress rescued by Phillip every nth episode. This all culminates in a series where every other episode reveals enough flesh to send mothers everywhere lunging for their children's eyes. Despite all its faults, this series has been relatively well-received in Nepleslian regions, and has even developed a fan base (though quite a small one) in Yamatai.
