## About Eternal Coverage Foundation

Eternal Coverage Foundation is a protein based and non-scented beauty product that utilizes micro particles. When applied to skin, the particles undergo a reaction which binds them on a molecular level in a flat lattice. As a result, the product needs very little foundation to achieve full and clean coverage. All orders of the foundation are custom-shaded for each individual customer. A customer's shade is determined after a facial scan is executed. After receiving the scan, it takes five minutes for the formula to be created and packaged. This process can be carried out in-store or online.

The product comes in a transparent bottle. The name of the product variant and the company name is on the black rectangular cap. A flat top, buffing foundation brush is sold separately.

**Cost (1.5 oz.):** 10 [KS Kc-FB-1 \(Flat Top Foundation Brush\)](#): 5 [KS Kc-FB-2 \(Oval Foundation Brush\)](#): 5 [KS Compatible Races](#): All [NH-series](#) races/bodies, [Human](#), [Elysian](#), [Helashio](#), [Nepleslian](#), [Lorath](#), [Elf](#)
