

# NAM Hull Classification Symbols

C	Cruiser
CV	Carrier
BB	Battleship
D	Light Destroyer
E	Escort
F/A	Fighter-Attacker
G	Stealth Gunship
P	Platform
LHA	Amphibious Assault Ship
TT	Transport
T	Light Transport
U	Utility Ship

(Technically not NAM Hull Classification Symbols)

DD	Pheonix Arms Destroyer
----	------------------------

(Shouldn't it be a Trans atmospheric assault ship?) (I was hoping no one would call me out on that. But, amphibious can mean combined forces like in this case navy and marines. OOCly I'm trying to keep this somewhat close to the US military hull classification symbols to make things run smother when they are used ICly.)
