

Type 2 Gravitic Weapon System

The Type 2 was originally designed for the [No-L2-1a - Noujou Agricultural Ship](#) and allows parts of the ships powerful gravitic field to be focused at a target, forming a spike or maelstrom of conflicting and massively powerful gravitic forces. Even if it does not critically damage a ship, it could kill many of the crew, crushed to death.

Location: All around the ship. **Primary Purpose:** Anti-starship **Secondary Purpose:** Anti-fighter/anti-mecha **Damage:** 6 **Range:** 1/2 AU **Rate of Fire:** The shot can be continuous, a rolling maelstrom of gravitic energy. However it is not at its most powerful then, as it is with quick attacks of the spear head, which can be used every three seconds at a different target.
