

Deluxe Cabin

The Deluxe Cabin was designed in [YE 40](#) by [Origin Industries](#) to fill the need of large living accommodations for officers, pilots, and senior enlisted on larger starships that had enough room to properly house their crew. It is styled after a compact studio apartment.

More about the Deluxe Cabin

Sized at approximately 5 meters by 10 meters, the Deluxe Cabin contains a large living space. It includes a living area, sleeping area, full bathroom (complete with a combination bathtub/shower, a toilet, and a sink), and a kitchenette with a refrigerator. Larger than most living accommodations aboard a ship, the Deluxe Cabin makes a person feel more at home by having a viewscreen 'window' on the wall that can display various locales (such as cityscapes, island getaways, or the depths of space) and simulate ambient lighting coming from 'outside'. It also includes a small office area with a desk and office chair. Features of this room include:

- Queen-Sized Bed
- Full Dresser
- Closet
- Full Bath
- Kitchenette
- Loveseat
- Coffee Table
- Viewscreen 'Window'
- Desk
- Office Chair
