

ODM 10mm "Raygun"

The ODM 10mm Raygun is a retro-stylized chemical pistol made by [Origin Defense Manufacturing](#). It was designed in [YE 34](#).

About

The ODM 10mm "Raygun" is a stylized, almost art-deco pistol, made to resemble the classic 'ray gun' weapon that was much used in the past. It is internally nearly identical to the [original ODM 10mm](#), though unlike its mass-produced, stamped metal sibling, it is a hand-crafted, limited-run weapon meant for those who want to have a bit of retro flair.

Discharge Information

Firing Mechanism

Gas operated: a portion of high-pressure gas from the cartridge being fired is used to power a mechanism to extract the spent case and chamber a new cartridge. Energy from the gas is harnessed through a port in the barrel. This high-pressure gas impinges on a surface a piston head to provide motion for unlocking of the action, extraction of the spent case, ejection, cocking of the hammer, chambering of a fresh cartridge, and locking of the action.
