

# Gene Manipulation

Gene manipulation is a service that [Psychopomp LLC](#) offers its clientele and uses for personal gain behind the public's eye. To the public, they offer their services to better the growth and development of a child, reducing and eradicated the chance of birth defects in the child. Psychopomp has taken it one step further, a step that exists only in private. They have altered the process by which a child grows normally in the womb and created the framework for a child predisposed to fighting and combat. Children that have undergone this process include [Alex Patton](#).

## More about Gene Manipulation

There are several ways Psychopomp researchers and scientists change the properties of children in the womb.

### Such changes available to the public include

- Elimination of blindness and enhanced eyesight.
- Annihilation of developmental disorders.
- Eradication of spinal defects.
- Enhanced cognition.
- Enlarged sexual organs (male).

### Changes to the fetus that Psychopomp employs privately include

- Strengthening of bones.
- Better blood flow to muscles.
- Enhanced response time.
- Stronger skin.
- Tough guy attitude.
