

Qel'noran Shipyards

Qel'noran Shipyards was part of the [Qel'noran](#) Industrial Sector, known for its comprehensive fleet designs from its founding in [YE 23](#) until the destruction of [Ralfaris](#) in [YE 26](#). Ships designed by and/or manufactured by QnS were still somewhat common for several years, especially among the [Lorath Matriarchy](#); however, by [YE 33](#), they had all been scrapped or destroyed.
