Founded in [YE 32](#) by Oshiro Tsuya, a well-known investor in various companies on the market that have become quite successful due to its unique marketing formula. Tsuya wanted to give something back to the citizens of [Yamatai Star Empire](#) by creating the unique and refined taste of well-made wine. Her company got accepted into the business registration system of [Yamatai Star Empire](#) and created three farms at [Yamatai \(Planet\)](#) near the City of Natalia.

Vineking is a company that separates itself by being unique in the process of its wine and selling it to all people that are interested in buying their products. In [YE 39](#) Vineking made an exclusive deal with the

[Star Army of Yamatai](#) to create two farms at [Nataria](#) near [Fort Ready](#). These farms are run by [Star Army of Yamatai Star Army Reserve](#) only. The idea is that the reserve is able to provide grapes to Vineking and at the same time train their own people in farming. However in [YE 42](#) at the [Third Battle Of Nataria](#) the farms were partly destroyed and required at least a year of recovery.

Vineking is an NPC Corporation to help create a foundation layer to the economical system of SARP and is part of the Economical Restoration Project made by [Rawolfe](#). The idea is that these corporations are not bought up or taken over but play an essential role in the background for the faction and they can be used to create new products into the faction with the approval of the respective FM. This will put a halt to the idea that one corporation creates all products.
