

Iga Fancy Fruit Emporium

Iga Fancy Fruit Emporium was founded in [YE 42](#), in order to provide unique and high-quality produce that is not grown or offered anywhere else. They specialize in giant versions of fruit, as well as perfectly or uniquely shaped ones.

About Iga Fancy Fruit Emporium

When [Juugoya Cooperative](#) began to develop the [Tsu Agricultural Zone](#) on [Jiyuu III](#), its leadership recognized the need for a higher-end product. Farmers in the [Iga District](#) were producing various, special cultivars of their fruits: some gigantic, others perfectly round (or more exotic shapes), and others still yet bred for interesting sizes, shapes, colors, and flavors. Seeing the potential, the company tasked its resident restaurateur [Motoyoshi Tachiko](#) with selecting from among the best of the best, to be grown and sold under the Iga Fancy Fruit Emporium brand.
