

Yugumo Standard Licensed Crew Quarters

The Yugumo [Licensed Crew](#) Quarters are a starship interior developed by the [Yugumo Corporation](#) in [YE 45](#).

History and Background

In [YE 45](#), the [Yugumo Corporation](#)'s [Yugumo Fleetworks](#) division sought to continue the standardization of its interior modules for the ships it produced. The Yugumo [Licensed Crew](#) Quarters were designed to be the standard for the [Yugumo Merchant Spacy](#), however, impressed with the design it also became the standard officer level quarters for their retail products as well.

Year of Creation	YE 45
Designer	Yugumo Fleetworks
Nomenclature	Type 45
Manufacturer	Yugumo Fleetworks
Fielded by	Yugumo Corporation , Yugumo Merchant Spacy
Availability	Mass Production

The Design

Designed to be efficient, yet comfortable the Yugumo [Licensed Crew](#) Quarters are perfect for officers to retire to at the end of a long shift.

Layout and Design

The crew quarters are typically located in a specific section of the starship, away from the high-traffic

areas and engine rooms to minimize noise and disturbances. The layout is designed to make efficient use of space within the constraints of the starship's design. The corridors leading to the quarters are well-lit and marked for easy navigation.

Individual Rooms

Each [Licensed Crew](#) member is assigned their own private room, which is compact but comfortable. These rooms are designed with ergonomics and space efficiency in mind, featuring a bed, storage compartments, a small workspace, and a personal hygiene area with a sink, toilet, and shower. The decor is functional and often follows a neutral or calming color scheme to create a peaceful atmosphere. The default color scheme is the standard [Yūzuki^{1\)}](#) livery.

Bedding

The beds are typically foldable and convertible into a sofa to maximize space when not in use. Crew members can adjust the firmness and settings of their mattresses to suit their personal preferences for a good night's sleep. Beds can be converted to the [Civilian Comfort Bed](#) at an additional cost.

Storage

Each room comes equipped with storage cabinets, lockers, and drawers to store personal belongings, [Type 43 Yugumo Corporation Uniforms](#) and [standard issue equipment](#). There is usually a dedicated space for storing work-related gear, tools, and communication devices.

Workspace

A small desk or table is provided in each room, along with a comfortable chair, allowing crew members to work on reports, conduct research, or engage in leisure activities such as reading or using personal devices.

Crew members have access to the ship's [KAIMON](#) network and can connect their personal devices to the ship's systems. This allows them to stay in touch with their colleagues and access relevant ship data and information.

Climate Control

Climate control systems are integrated into each room, allowing crew members to set their preferred temperature and humidity levels.

Safety Features

The crew quarters are equipped with safety features such as [Yugumo Standard Fire-Fighting Equipment and Systems](#) systems, emergency lighting, and communication devices for immediate assistance in case of emergencies.

Maintenance and Cleanliness

Crew quarters are regularly cleaned and maintained by the ship's support staff to ensure a hygienic and pleasant environment for the crew.
