

# Abwehran Imperial Yards Stations

A collection of orbital facilities built by the [Abwehran Imperial Yards](#).

## Civilian

Facilities built for civilian use.

### Active

<a href="#">Antimatter Production Satellite</a>	An automated station dedicated to the creation of Antimatter at a lower cost.
<a href="#">Harbor-class Trade Station</a>	Standard civilian outpost.

### Discontinued, but Active

<a href="#">Civilian Orbital Space Station</a>	The vast majority of these stations have been decommissioned to produce the newer Harbor Trade Outpost, but one example exists as a museum for Abwehran Space Exploration.
<a href="#">Ay-P3-2a Orbital Shipyard</a>	While no longer in production, six example of these stations still exist in <a href="#">Jaspis</a> as the <a href="#">AIY Shipyard Cluster Prime</a> .

## Military

Facilities built for military use.

### Active

<a href="#">Bulwark-class Military Outpost</a>	The standard military outpost.
<a href="#">Frontier Asteroid Base</a>	A facility built into asteroids and planetoids. Often mistaken for mining operations.

### Discontinued, but Active

<a href="#">Military Orbital Space Station</a>	Most of these facilities were decommissioned to help produce the newer Bulwark Outposts, but one example exists as the Weltraumflotte's Headquarters. Plans to refit this station are underway.
