

# Neueagens

Recruited from other branches, Neueagens are the officers-in-training of the [Nachrichtendienst](#). No Neueagens knows he is able to volunteer for the [Nachrichtendienst](#) until they are taken to a private room with an offer they can *at least* refuse. Every Neueagens voluntarily joins the [Nachrichtendienst](#) and are usually investigated completely before the offer to join is even made.

Training is harsh and those that wash out of the training are often returned to their original unit with no knowledge of anything beyond the training<sup>1)</sup>. The few that succeed are usually promoted to [Unteragens](#).
