- Training Vessels:
 - N/A

Standard Military Skill Set

Far above the homeworld, the valiant soldiers of the Imperial Weltraumflotte train in large space stations to better themselves to defend the Abwehran Empire against anyone who would attack them. With a brutal basic training program, all personnel learn the necessary skills over the course of a quarter of an Abwehran year.

For the Nachrichtendienst, the cunning are more valuable than the valiant. These loyal shadows of the Empire are the eyes and ears of their homeland and are as cruel towards their enemies as they are cunning. Though they primarily focus in information gathering and disinformation, assassination is also their forte.

Communications

Your character is fluent in Abwehran and Trade¹⁾, after contact with the Star Army of Yamatai, and knows the proper procedures to write reports and fill out military documents. You can also know basic operations of shipboard communications systems and standard military communication equipment.

Fighting

Your character has received training in basic close quarter combat using hand-to-hand, knife, and sword combat techniques. Your training has also included firearms training with mass-driver pistols and rifles.

Technology Operations

You can operate shipboard computer systems efficiently and can enter/search for information. Basic operations of ship systems and skinsuits is also included in the training.

Mathematics

Unlike most militaries, your training requires you to learn basic calculus along with algebra and trigonometry.

Specialized Skill Additions

Officers in the Imperial Weltraumflotte require a bit more knowledge than the average soldier. Nachrichtendienst do not need to learn these skills, needing the skills they receive for their separate occupations.

Knowledge

Having graduated from the Officers Training Program, you have learn Abwehran Imperial Military Law as well as Military History/Tactics.

Leadership

Needing to lead men takes both natural talent and a sound mind when speaking to people. Officers Training can only help with Public Speaking, the rest is up to the individual.
