

# Lelpa'jyaon (Finances)

This page contains information regarding finance and currency of the [Poku Saeruo Degonjo](#).

The [Poku'vonai](#) use hard lelpa (currency) for day to day transactions. Each city state within the [Sotâka Ruomâqi \(World Station\)](#) produces their own currency. However all currency conform to precise standards so they can be used anywhere in the [Sotâka Ruomâqi \(World Station\)](#). All currency has the likeness of Kotoz Mui on the front.

## Lelpa

The majority of day to day transactions within the [Poku Saeruo Degonjo](#) are done with hard currency, in the form of the [Odawina \(OW\)](#). Larger transactions are handled via electronic transactions, but they are backed up by actual hard currency in one of the banks. [Poku Saeruo Degonjo](#) members do not use debit cards or credit cards. All electronic transactions are handled by computer terminals.

## Lelpa Ruohu

Lelpa Ruohu means money building, or financial institution. Each operates under the governance of the City State they are located in. The majority of them are operated by the [Jaeli \(Sects\)](#), although some of the [Rouka'ka](#) operate their own institutions.

## Lelpa'jyaon

Lelpa'jyaon (*money rules*) vary depending on what category the transaction takes place in. Finances fall into one of these categories:

### Personal

- Taxes - Every [Poku'vonai](#) pays taxes on their earnings at 8% to the City State they reside in.
- Tithes - Every [Poku'vonai](#) pays a tithe 4% to their [Ruoka \(House\)](#) and [Jaeli \(Sects\)](#).
- Salary - [Poku'vonai](#) salaries vary depending on the rank of an individual within their sect, and their

time in that rank. Some [Poku'vonai](#) opt to work for a Boon.

## Family

- Every family pays an annual tithe to their [Ruoka \(House\)](#) of 8% of their asset increase.

## House

- Every [Ruoka \(House\)](#) is taxed annually at 8% on its wealth increase.
- Loans can be obtained from a [Ruoka \(House\)](#). For families within the [Ruoka \(House\)](#) they traditionally charge 4%. For other [Ruoka \(House\)](#) they tend to charge 8%. All loans must be secured by collateral. In the case of a major purchase such as a starship, the vessel itself is the collateral.

## Sect

- The [Jaeli \(Sects\)](#) take the tithes that are paid by their members and use it to purchase equipment, ships, and pay salaries.
- Sects can take loans out when they need to make large purchases.

## Trade Taxes

All transactions of trade are subject to a 2% tax which must be paid by the seller. It comes out of the price agreed upon and is not levied on after.

## City State

- Taxes are collected by each City State. This money is used to fund the maintenance and operation of each city state, including public services, salaries, repairs, and projects.

## Kâbolelpa and Lelpafiqori

Most [Poku'vonai](#) receive a kâbolelpa salary or wage paid once a odasaenor (week). [Poku'vonai](#) have the option of choosing to work for [Boon](#).
