

# Roty'a (Gunner)

Members of *Poku Saeruo Degonjo* with this [occupation](#) are trained in the operation and maintenance of ship, vehicle, station and/or mech weapon systems. Many gunners specialize, such as by serving as a tactical officer on-board a ship, or by acting as a station's *Stako Yanuto (Exo-Skel)* weapons expert; other gunners are familiar with many weapons, and can serve in a variety of positions. The training of a gunner also includes the use of various fire control systems. Training in this occupation begins upon completion of their education in the *Ruohui Giba'te (Academies)*. The exact nature of their education differs by the preferences and traditions of their [Sect](#), but it typically involves a combination of hands-on learning and classroom education.
