

Fragmentation (Frag) Grenade

An anti-personnel explosive grenade, the frag relies on both the explosion and shattering of its exterior casing to deal damage. The casing material is designed to explode in a way to ensure sharp edges more often than not, or simple jagged edged fragments to cause death to enemy soft targets or harm to lightly body armored targets.

- Damage Rating: Tier 2, Medium Anti-Personnel
- Effective Radius: 20 meters
- Manufacturer: [Djahet Fleetforges](#)
- Utilized By: [Confederate Armed Forces](#)

How To Use

The grenade is spherical with a vertical slit running along the equator. The user twists and pushes it into place. A button will pop up out of the top which should then be depressed to activate the circuit the user then has five seconds to throw.
